OLIVE 01

Airy and comfortable professional shoe

The OLIVE shoes combine comfort, safety, and style with features like SR slip-resistant soles, ESD and superior support for body posture pain relief.

Upper	Synthetic Leather
Lining	Coolmax Mesh
Footbed	Coolmax Mesh
Outsole	Rubber (NBR)
Category	01 / SRC, FO, ESD
Size range	EU 35-42 / UK 3.0-8.0 / US 5.5-10.5 JPN 21.5-26.5 / KOR 230-270
Sample weight	0.235 kg
Norms	ASTM F2892:2018 EN ISO 20347:2012

CO_2 0.00 kg

Oxygrip / SJ Grip
Rubber outsoles with Oxytraction® technology provide excellent traction on both dry and wet floors and meet SRC (SRA+ SRB) standards.

Coolmax® lining
Coolmax® technology was originally developed for athletes. The material transports moisture and sweat, so that the body stays dry. We found it extremely suitable for people who work hard for hours every day too.

Electrostatic Discharge (ESD)
ESD provides the controlled discharge of electrostatic energy that can damage electronic components and avoids risks of ignition resulting from electrostatic charges. Volume resistance between 100 KiloOhm and 100 MegaOhm.

SRC slip resistance
Slip resistant soles are one of the most important features of safety and occupational footwear. SRC slip resistant soles pass both SRA and SRB slip resistant tests, they are tested on both steel and ceramic surfaces.

Industries:
Catering, Food & beverages, Medical, Uniform

Environments:
Extreme slippery surfaces, Dry environment

Maintenance instructions:
To extend the life of your shoes, we recommend to clean them regularly and to protect them with adequate products. Do not dry your shoes on a radiator, nor nearby a heat source.

Carbon footprint:

	Description	Result	Measure unit
CO2 emission			
	Material	0.00	kg
		0.00 kg CO2/pair	

CO2 calculation:
Values are rounded to two decimals.
These analyses are performed using our in-house environmental calculators, developed within the Cortina Group. The CO2 values are valid at the time of calculation and may be subject to change.
